CALL FOR PROPOSALS FOR FINANCING OF MASTER'S EXCELLENCE GRANTS

RESEARCHER

Master 1, Master 2

#Calls for applications #Research, Researchers

Launched by France's President Emmanuel Macron, the Make Our Planet Great Again initiative has met with worldwide enthusiasm, generating expressions of interest from a large number of highly qualified students and researchers.

Within the framework of the initiative, France's ministries of Europe and foreign affairs (MEAE) and of higher education, research, and innovation (MESRI) in collaboration with Campus France have implemented a program to encourage international students to pursue master's level training in earth systems, climate

change and sustainability, the energy transition or societal challenges of environmental issues at French institutions of higher education. Master's grants will be made annually under the program, beginning with the 2020 academic year.

The program is managed by Campus France. Interested students are invited to apply online at <https://www.campusfrance.org/en/make-our-planet-great-again-en> <<https://www.campusfrance.org/en/make-our-planet-great-again-en>> .

Who may apply?

International students may apply for support for one or two years of study toward a master's degree by including in their application a letter of admission to a master's program (first or second year) at a French institution of higher education.

Research themes

Four broad research themes are prioritized:

- earth systems,
- climate change and sustainability,
- energy transition,
- societal challenges of environmental issues.

Eligibility

Students must:

By clicking any link on this page you are giving your consent for us to set cookies.

OK **More information**

- possess or be pursuing a French *licence* or an equivalent undergraduate degree (Bachelor),
- be exclusively of the nationality of one of the eligible countries (listed below)
- reside in one of the eligible countries (listed below)
- not have resided in France after April 1st, 2019.

They must enroll in the master's program before October 2020.

List of eligible countries

Australia, India, Indonesia, Japan, Malaysia, New-Zealand, Singapore and South Korea.

CALL OPEN TO INTERNATIONAL STUDENTS

Financing

Successful students will receive an excellence grant in the amount of €1,190 per month over 12 months (for students enrolling in the second year) and over 24 months (for those enrolling in the first year) - funding for repetition is not possible. Round-trip airfare will also be provided, as well as medical insurance.

Selection process

Consistent with the aims and requirements of this call for proposals, grant recipients will be selected by scientific experts.

Application process

Interested students should submit their study plans [here](https://campusfrance.smapplly.io/prog/MOPGA_masters_2) https://campusfrance.smapplly.io/prog/MOPGA_masters_2. Applications must be accompanied by a. [More information](#)

- most recent Diploma,
- statement of purpose,
- signed letter of admission into a French master's program,
- transcripts (of the past three years of study),
- letters of recommendation (optional),
- Passeport or proof of ID.

Timeline

- March 6th, 2020: Application period opens
- April 5th, 2020 at 11:59 pm CET: Application period ends
- Week of June 15th, 2020: Results are announced
- Between September and October 2020: Students report to participating institutions

FINANCING 12 MONTH POST DOCTORAL RESEARCH CONTRACTS

RESEARCHER

Post doc

#Calls for applications #Research, Researchers

Launched by France's President Emmanuel Macron, the Make Our Planet Great Again initiative has met with worldwide enthusiasm, generating expressions of interest from a large number of highly qualified students and researchers.

France's ministries of Europe and foreign affairs (MEAE) and of higher education, research, and innovation (MESRI) in collaboration with Campus France have implemented a program of support for foreign postdoctoral researchers wishing to conduct further research in France on a topic related to earth systems, climate change and

sustainability, the energy transition, or societal challenges of environmental issues.

Description of the Post-Doctoral project:

- Title of the Project
- Abstract of the Post-Doctoral Project (2000 char. max.)
- Context and motivation (2000 char. max.)
- Scientific Objectives (2000 char. max.)
- Methodology and Planning (4500 char. max.)
- Keywords (6)
- Position of the project in relation with the MOPGA scientific domains and integration in the French research host institution (1500 char. max.)

NB: Application must be in English.

Who may apply?

Foreign researchers holding a doctoral degree (for less than 5 years) are encouraged to respond to this call for proposals. Candidates must include with their application a letter from a French host institution agreeing to host their research if the candidate's proposal is accepted by the program. This letter has to detail the resources provided to carry out the research project. A possibility of co-financing can also be considered.

Institutions hosting the laureates will be financed to 50 000€ for a period of 12 months, per selected post-doctoral researchers.

Research themes

Four broad research themes are prioritized:

- Earth systems,

- Climate change and sustainability,

CALL OPEN TO FOREIGN RESEARCHERS HOLDING A DOCTORAL DEGREE

Selection Process

Consistent with the aims and requirements of this call for proposals, the selection process will unfold in two phases. In the first phase, scientific experts in the covered fields will evaluate the applications received. In the second phase, an international jury will make the final selection of candidates to receive support.

Eligibility

Candidates must :

- possess a doctoral degree for less than five years on the date of submission of the application
- be exclusively of the nationality of one of the eligible countries (listed below)
- not have resided in France after September 1st, 2019.

The postdoctoral contract must take effect between September and December 2020.

List of 46 eligible countries:

Australia, Austria, Belgium, Brazil, Bulgaria, Canada, Chile, China, Croatia, Cyprus, Czechia, Denmark, Estonia, Finland, Germany, Greece, Hong-Kong, Hungary, Iran, Ireland, Iceland, Israel, Italy, Japan, Latvia, Lithuania, Luxembourg, Malta, Netherlands, New-Zeland, Norway, Poland, Portugal, Romania, Russia, Singapore, Slovakia, Slovenia, South Africa, South Korea, Spain, Sweden, Switzerland, Taiwan, United Kingdom, United States of America.

By clicking any link on this page you are giving your consent for us to set cookies.

Documents needed:

- 1 | CV including the list of your publications
- 2 | PhD Diploma (or certificate if PhD diploma)
- 3 | CV of your postdoctoral supervisor
- 4 | The letter of commitment of the French host institution for hosting your post-doctorate specifying the resources provided to carry out the research project (the host institution receives a financing of 50 000€ for 12 months)
- 5 | Letters of recommendation.
- 6 | Passport or proof of ID

Application process

Candidates must submit their research proposals online [here](https://campusfrance.smapply.io/prog/MOPGA_post_doctoral_3) <https://campusfrance.smapply.io/prog/MOPGA_post_doctoral_3> .

Timeline

- March 6th 2020: Application period opens
- April 5rd 2020 at 11.59pm CET: Application period ends
- Week of June 15th 2020 : Announcement of results
- Between September and December 2020: Supported candidates report to participating institutions
