Θέμα: Worldwide Thematic Study in Europe Virtual Fair, στις 24 Μάϊου 2022,

Αγαπητοί Συνεργάτες,

Σας ενημερώνουμε ότι στο πλαίσιο της πρωτοβουλίας της Ε.Ε. Study in Europe, θα πραγματοποιηθεί **Worldwide Thematic Study in Europe Virtual Fair**, στις **24 Μάϊου 2022**, στο οποίο θα μπορούν να συμμετέχουν φοιτητές από όλο τον κόσμο, και θα εστιαστεί στο **Green Engineering**.

Οι εγγραφές είναι ανοικτές για τις Εθνικές Μονάδες και τα Ανώτατα Εκπαιδευτικά Ιδρύματα.

Όπως μας ενημέρωσαν:

This event will be a great opportunity **to meet prospective students, young professionals, researchers, and parents** interested in European higher education, and **promote specifically programmes focused on green and sustainable/environmental engineering!**

On the basis of the Sustainable Development Goals, programmes featured at the fair could for example focus on the following fields:

- affordable and clean energy
- clean water and sanitation
- industry, innovation, and infrastructure
- sustainable cities and communities
- responsible consumption and production
- climate action
- good health and wellbeing

Interested HEIs will be asked to provide information on the types of study programmes they offer when registering as an exhibitor.

Registration fees are 500 EUR (excl. VAT).

Για περισσότερες πληροφορίες και εγγραφή (καταληκτική ημερομηνία 31 Μαρτίου 2022) πατήστε το σύνδεσμο [here](#).

Με εκτίμηση,

Welcome to new experiences

Study in Europe Virtual Fair - Green Engineering (VIRTUAL)

 Register as exhibitor (/exhibitions/registerasexhibitor/22/)

 **Date:** 24 May 2022, 9am-11am CEST

City: Worldwide

 **Date:** 24 May 2022, 5pm-7pm CEST

 **Website:** To be confirmed

Exhibitor registration deadline: 31 March 2022

The Study in Europe Virtual Fair on Green Engineering aims to showcase the strengths of European higher education institutions in the field of engineering, i.e. inventing, designing and building technologies that can solve current and future environmental and climate issues and challenges, as well as achieve practical goals. A special focus is on "green" technologies. (see 'Thematic focus' for more information)

The virtual fair is designed as a **customised platform** for representatives of European higher education institutions aiming **to meet prospective students, young professionals, researchers, and parents** interested in European higher education, and specifically in programmes focused on green and sustainable/environmental engineering.

Watch our welcome video for the Study in Europe Virtual Fair Latin America here to get a glimpse of the platform:

Study in Europe Virtual Fair - Green Engineering (VIRTUAL)

Your institution will **interact virtually** with potential higher education students and researchers worldwide **in various ways**. Promote your country, institution, and study programmes at your virtual fair booth. (see fair profile below)

Participation fee: 500 EUR (excl. VAT)

The Study in Europe virtual fair will give you the chance to:

- meet students, academics, parents, and professionals who are interested in learning more about study opportunities in Europe,
- promote your country, your institution, and its study programmes while being part of a European community

Additional information

Virtual fair profile

Name: Study in Europe Virtual Fair Green Engineering

Countries: worldwide

Dates, City, Venue: 24 May 2022, 9:00 -11:00 & 17:00-19:00 (CEST)

Exhibitors: European higher education institutions, national promotion agencies, embassies, European Commission

Visitors: Students, academics, parents, university representatives

Website: tba (<http://www.studyineuropefairs.eu/>)

Participating institutions will be offered:

- an individual virtual booth with
 - chat functions where counselling and consultation are possible
 - the possibility to upload information material, incl. brochures, PDF-forms, video clips, links to websites providing general information on study and research opportunities, funding options, visa regulations, etc.
 - the option to upload a pre-recorded presentation or PR video about your institution, which can be watched "on demand"
- National Promotion Agencies will have the opportunity to hold a live information session (country talk) using a tool of their own choice (i.e. Teams, Zoom etc.)
- technical support during the whole event, including a pre-test run

Participation fee: 500 EUR (excl. VAT)
